PERMAdur S Support Sheets

Components

Celluloses, plastic fibers and binder resin

Declaration

Europe

PERMAdur S support sheets meet the requirements of food contact as detailed in European Regulation (EC) Number 1935/2004 in that:

- Our suppliers state that the monomers and additives of polymer fibers are listed in European Regulation (EC) Number 10/2011 Annex I.
- The product complies with German Recommendations XXXVI and XXXVI/1, as well as with the German Foodstuffs and Animal Feed Code (LFGB) §§ 30 and 31.

Users should satisfy themselves that these materials are suitable for use in their specific food application.

USA

The following materials of construction meet the FDA requirements for food contact use as detailed in the US Code of Federal Regulations, 21 CFR paragraphs 177-199 in that:

- Plastic fibers to 21 CFR section 177.1630 (polyethylenephthalate polymer)
- Binder resin to 21 CFR section 175.105 (adhesives).
- Total extractables as per 21 CFR 177.2260 (Filters, Resin Bonded) (g) (h) (i) (j) (k) (l) 50% ethanol at room temperature and n-hexane at reflux were used in the extractables testing.

Process Quality System

Site of Manufacture: Pall Filtersystems GmbH, Bad Kreuznach, Germany on behalf of Pall International Sàrl.

The Quality Management System at Pall Filtersystems GmbH, Bad Kreuznach is certified to ISO 9001:2015.

These products / product packaging carry a lot number / date code to facilitate traceability to suppliers' materials and Pall production records.

Pall Filtersystems GmbH confirm this product is manufactured in line with the principles of food contact materials GMP as detailed in Regulation 2023/2006.
